July Advising Updates

Dear Colleagues,

I want to thank you for all your efforts with the Orientation Sessions last month. I appreciate your patience with the changes in the Math department and the provisionally admitted students.

If you visit with any of your new advisees prior to school starting, please encourage them to sign up for the Peer Mentoring program. I am sure that we have more freshmen that would be interested in the program and just haven't signed up yet. I have attached a copy of the questionnaire to the newsletter.

We have some new faces at the Dean's Office. If you worked with orientation, you have had contact with Ki Peppers and Michelle Chavez. Ki will assist me with the newsletter publication and processing all the petitions that are submitted to the Dean's Office. Michelle will work closely with Dr. Graham in meeting her needs with the class schedule and other projects. Of course, they will both partner on major events such as orientation. Ki can be reached directly at kpeppers@uark.edu or 575-2261. Michelle can be reached at mjchavez@uark.edu or 575-4123. Please come by the Dean's Office and meet the new team!

I regret that I was not able to reach my goal of introducing you to the new advising web page this month. It was previewed during the Advisor Information Session in May. I still have some clean up with some of the pages. I promise to give you fair warning before we go live with the project.

I hope you have a chance to take some time off this month.

Best regards,
Alice
