July Advising Updates

Dear Colleagues,

Just a quick note to say that I hope you are able to take a small break this summer. It is important to take time to recharge our batteries.

In this newsletter, you will find the list of Spring 2006 graduates. As you know, we celebrated their accomplishments in May at Commencement. However, I want to take time now to THANK YOU for all the hours you dedicated to them. Students don't just graduate. They accomplish that goal with much guidance from you.

I am sure that many of you assisted them with getting through their chemistry and math courses, making internship contacts, guiding them to make the right choices, whether it was class or how they were going to spend their weekend. And I am confident that many of you are spending this summer writing several letters of recommendation for them.

All of these efforts do not go unnoticed. Thanks again for all you do for our students!
